

TEMMENTEC

Sun Protection Cream SPF30

Lab-01230.6

FOR A PROTECTED AND MOISTURIZED SKIN

2-in-1 sun cream by light and soft texture : effective shield against UV radiations, booster of the natural cutaneous protective mechanism.

BENEFITS

- Delivers broad-spectrum SPF30 protection
- Counteracts free radical and oxidative damage
- Enhances skin natural protective mechanism

FORMULA

- Based on photo-stable highly effective UVA/UVB filters without endocrine disruptors
- Containing Meadowfoam Seed oil by silky and non-greasy after feel and Isoamyl Laurate, ester oil by similar soft touch to silicone
- Enriched with a complex of Panthenyl triacetate, ethyl linoleate and Vitamin E that boosts the skin innate anti-oxidant mechanism, thus limiting the oxidation of skin proteins (test in comparison to an SPF20)

OTHER FEATURES

- Lightweight cream, soft, non-greasy and by quick absorption.
- Free from parabens, silicones, allergens, natural waxes, microplastics, endocrine disruptors, nanoparticles and PEG

APPLICATION TIPS

Apply 15 minutes before sun exposure and reapply at least every two hours or after bath.
